

(Michael Standing in London Calling)

LONDON'S ancient fortress, His Majesty's Tower of London, is still ceremonially locked up for the night. When the hands of the Tower Clock say five minutes to ten, the Chief Warder, with a military escort is already on his way to perform exactly the same ritual that his predecessors have carried through for centuries.

Amulance originally meant a movable hospital and during the Crimean war it came to mean a vehicle for the conveyance of the sick.

Americans promoted its sale by showing the natives how to make ice cream and iced drinks.

Only empty cells of the local prison. On investigation, they found that the "prisoner" was a jackdaw that had gained entry through a window.

Platinum was known from very early times but it was not introduced to Europe until the 18th century.

AN INTERNATIONAL NECESSITY

"There are about 2,000,000 graves
in Yugoslavia. But even more ap-
palling the spiritual destruction
which is written on the face of par-
tially starved men, women and
children who come across the
border."

The amount of violence, the amount of hatred
and greed in Europe is boundless.
Famine has always been the
handmaid of the hate of the
people."

There are 80,000 children whose par-
ents have disappeared. Many of
those children have never seen
when their mothers and sisters
were killed or humiliated, when their fathers and
brothers were killed or taken
prisoners.

Francisco Contreras, Slovak de-
partment, United States of America,
Foreign Affairs of Yugoslavia, de-
scribed the condition of Europe
pointed to the great need for
spiritual as well as material
aid.

"At the end of this Conference
it was agreed that very much
more must be done for the
people of Europe. But I maintain that no matter how
perfect the charter may be, it
will not be enough. For it will be
hand in glove with the world
What is the good of new bills, if
the people who live there are under
the strain of spiritual destruction.
Material and spiritual reconstruction
must go together, for only in this
way shall we be able to build an
enduring permanent. We must give
it to the machinery, we must give
it to the people."

The light of what I have seen
in Europe and in Iran, France, I
find in the Charter of the League
of Nations, and the philosophy of
the League of Nations.

It gives hope for unity and spiritual
reconstruction in the Balkans.
I feel that the opportunity, which
has been given to us, is a great
gift from God. We must not
forget the League of Nations.
